# CONNECTICUT RESOURCES RECOVERY AUTHORITY

## NOTICE TO CONTRACTORS – INVITATION TO BID

The Connecticut Resources Recovery Authority (“CRRA”) is a quasi-public entity of the State of Connecticut that is responsible for implementing the State Solid Waste Management Plan and is currently providing solid waste disposal and recycling services to more than 100 municipalities in the state. One of CRRA’s facilities is the Mid-Connecticut Resource Recovery Facility (the “RRF”), which is a waste-to-energy facility. The Mid-Connecticut RRF includes the Waste Processing Facility (“WPF”), which is located at 300 Maxim Road, Gate 70, Hartford, Connecticut 06114. The WPF is the facility where Municipal Solid Waste (“MSW”) is converted into Refuse Derived Fuel (“RDF”). The WPF is operated by the Metropolitan District (the “District” or “MDC”) under contract to CRRA.

At the WPF, MSW is fed onto a series of conveyors and from there the waste is processed by a series of process equipment that size the material into a burnable product, removing recyclables and other unwanted material from the waste stream. The WPF has two processing lines that are identical to each other and that are designated by CRRA as processing line 1 and processing line 2. Located in each processing line there are two primary trommels. Each primary trommel is designed with seven rows of five-inch hole screening. The purpose of this RFB is to increase the five-inch hole screening to six-inch hole screening that will increase process line throughput and reduce the load on the downstream secondary shredder.

CRRA is seeking bids from qualified contractors to furnish all tools, materials, labor, equipment and incidentals thereto to fabricate seven rows of six-inch screening for each of the two primary trommels on each of the two processing lines, remove the existing five-inch screening and install the new six-inch screening (the “Work”).

The work will be subject to the State of Connecticut’s prevailing wage requirements.

Request For Bid (“RFB”) package documents may be obtained on the World Wide Web at <http://www.crra.org> under the “Business Opportunities” page beginning **Tuesday, April 27, 2010**. The documents will also be available Monday through Friday, from 8:30 a.m. to 5:00 p.m. at the offices of CRRA, 100 Constitution Plaza, 6<sup>th</sup> Floor, Hartford, Connecticut 06103-1722, beginning on the same date. Anyone intending to pick up the documents at CRRA’s offices must contact Ronald Gingerich by telephone (860-757-7703), by e-mail ([rgingerich@crra.org](mailto:rgingerich@crra.org)) or by fax (860-757-7742) at least 24 hours in advance. There is a charge of \$25.00 for anyone picking up the documents at CRRA’s office. Payment should be made by check payable to “Connecticut Resources Recovery Authority.”

There will be a mandatory pre-bid conference and tour of the site for all prospective bidders. **The mandatory pre-bid conference and tour will be held at the WPF at 10:00 a.m., Wednesday, May 5, 2010.** Any prospective bidder intending to participate in the tour must contact Ronald

Gingerich by telephone (860-757-7703) or e-mail ([rgingerich@crra.org](mailto:rgingerich@crra.org)) at least 24 hours in advance of the pre-bid conference and site tour (i.e., by 10:00 a.m., Tuesday, May 4, 2010).

**Sealed bids must be received at the offices of CRRA, 100 Constitution Plaza, 6<sup>th</sup> Floor, Hartford, Connecticut 06103-1722 no later than 3:00 p.m., Wednesday, May 26, 2010.** Bids received after the time and date set forth above shall be rejected. All bids shall remain open for ninety (90) days after the bid due date. Bid security will be required.

Bids will be opened at CRRA's convenience on or after the bid due date.

Note that all information submitted by a firm responding to this RFB is subject to the Freedom of Information Act.

All questions regarding this RFB must be submitted **in writing** to Ronald Gingerich, by e-mail ([rgingerich@crra.org](mailto:rgingerich@crra.org)), by fax (860-757-7742), or by correspondence (CRRA, 100 Constitution Plaza, 6<sup>th</sup> Floor, Hartford, Connecticut 06103) no later than 3:00 p.m., Wednesday, May 12, 2010. Subject to the discretion of CRRA, CRRA may decide to provide written responses to contractors no later than Wednesday, May 19, 2010.

### 1. Introduction

The Connecticut Resources Recovery Authority (“CRRA”) is a quasi-public entity of the State of Connecticut that is responsible for implementing the State Solid Waste Management Plan and is currently providing solid waste disposal and recycling services to more than 100 municipalities in the state. CRRA has developed, constructed and now operates an integrated system of three resource recovery facilities, two regional recycling centers, and four transfer stations. At present, CRRA accepts more than 75% of the municipal solid waste generated in the State. These facilities are operated by entities that are under contract with CRRA.

One of CRRA's facilities is the Mid-Connecticut Resource Recovery Facility ("RRF"), which is a waste-to-energy facility. The Mid-Connecticut RRF includes the Waste Processing Facility ("WPF"), which is the facility where Municipal Solid Waste ("MSW") is converted into Refuse Derived Fuel ("RDF"). The WPF is located at 300 Maxim Road, Gate 70, Hartford, Connecticut 06114 and is operated by the Metropolitan District (the "District" or "MDC") under contract to CRRA.

At the WPF, MSW is fed onto a series of conveyors and from there the waste is processed by a series of process equipment that size the material into a burnable product, removing recyclables and other unwanted material from the waste stream. The WPF has two processing lines that are identical to each other and that are designated by CRRA as processing line 1 and processing line 2. Located in each processing line there are two primary trommels. Each primary trommel is designed with seven rows of five-inch hole screening. The purpose of this RFB is to replace the five-inch hole screening with six-inch hole screening that will increase process line throughput and reduce the load on the downstream secondary shredder.

CRRA is seeking bids from qualified contractors to furnish all tools, materials, labor, equipment and incidentals thereto to fabricate seven rows of six-inch screening for each of the two primary trommels on each of the two processing lines, remove the existing five-inch screening and install the new six-inch screening (the "Work").

- (c) Demonstrated skill, ability and integrity of each bidder to perform the Work required by the Contract Documents;

- (d) Adequacy of insurance coverages as evidenced by a certificate or certificates of insurance showing, at a minimum, all coverages required by Section 6.1 of the Agreement (See Section 15(n) of this Instructions To Bidders); and
- (e) Any other factor or criterion that CRRA, in its sole discretion, deems or may deem relevant or pertinent for such evaluation.

## **17.2 Affirmative Action Evaluation Criteria**

Bids will also be rated on the bidder's demonstrated commitment to affirmative action. Sections 46a-68-1 to 46a-68-17 of the *Regulations of Connecticut State Agencies* require CRRA to consider the following factors when awarding a contract that is subject to contract compliance requirements:

- (a) The bidder's success in implementing an affirmative action plan (See Question 4 of the Questionnaire Concerning Affirmative Action, Small Business Contractors And Occupational Health And Safety (Section 9 of the RFB Package Documents));
- (b) The bidder's success in developing an apprenticeship program complying with Sections 46a-68-1 to 46a-68-17 of the *Regulations of Connecticut State Agencies*, inclusive (See Question 5 of the Questionnaire Concerning Affirmative Action, Small Business Contractors And Occupational Health And Safety (Section 9 of the RFB Package Documents));
- (c) The bidder's promise to develop and implement a successful affirmative action plan (See Question 4B of the Questionnaire Concerning Affirmative Action, Small Business Contractors And Occupational Health And Safety (Section 9 of the RFB Package Documents));
- (d) The bidder's submission of EEO-1 data indicating that the composition of its work force is at or near parity when compared to the racial and sexual composition of the work force in the relevant labor market area (See Section 15(j) of this Instructions To Bidders); and
- (e) The bidder's promise to set aside a portion of the contract for legitimate minority business enterprises (See Section 15(b)(4) of this Instructions To Bidders).

## **18. Contract Award**

If the contract is to be awarded, CRRA will issue to the successful bidder(s) a Notice Of Award within ninety (90) days after the bid due date.

CRRA reserves the right to correct inaccurate awards resulting from CRRA's clerical errors. This may include, in extreme circumstances, revoking a Notice Of Award already made to a bidder and subsequently awarding the Notice of Award to another bidder. Such action by CRRA shall not constitute a breach of this RFB by CRRA since the Notice Of Award to the initial bidder is deemed to be void ab initio and of no effect as if no Agreement ever existed between CRRA and the initial bidder.

#### **19. Contractor's Certification Concerning Gifts**

Pursuant to *Connecticut General Statutes* Section 4-252, the apparently successful bidder(s) must submit a document certifying that it has not given any gifts to certain individuals between the date CRRA started planning the RFB and the date the Agreement is executed. If the apparently successful Bidder does not execute the Certification, it will be disqualified for the Agreement. The dates between which the bidder may not give gifts and the identities of those to whom it may not give gifts are specified in the attachment to the Notice Of Award included in the RFB Package Documents (see Attachment A to Section 14 of the RFB Package Documents).

#### **20. Prevailing Wage Requirements**

The Work will be subject to the Prevailing Wage provisions of the *Connecticut General Statutes*. (See Section 8.7 of the Agreement.) In particular, within 30 days of receiving the contract award, the successful Bidder must furnish proof to the Connecticut Labor Commissioner that all of its employees and apprentices performing manual labor on the Project will have completed at 10-hour Occupational Safety and Health Administration ("OSHA") construction safety and health course.

#### **21. Bidder's Qualifications**

CRRA may make any investigation deemed necessary to determine the ability of any bidder to perform the Work required. Each bidder shall furnish CRRA with all such information as may be required for this purpose.

#### **22. Bid Preparation And Other Costs**

Each bidder shall be solely responsible for all costs and expenses associated with the preparation and/or submission of its bid, or incurred in connection with any interviews and negotiations with CRRA, and CRRA shall have no responsibility or liability whatsoever for any such costs and expenses.

SEEC FORM 11

**NOTICE TO EXECUTIVE BRANCH STATE CONTRACTORS AND PROSPECTIVE STATE CONTRACTORS OF CAMPAIGN CONTRIBUTION AND SOLICITATION BAN**

This notice is provided under the authority of Connecticut General Statutes 9-612(g)(2), as amended by P.A. 07-1, and is for the purpose of informing state contractors and prospective state contractors of the following law (italicized words are defined on the following page):

**Campaign Contribution and Solicitation Ban**

No *state contractor, prospective state contractor, principal of a state contractor or principal of a prospective state contractor*, with regard to a *state contract or state contract solicitation* with or from a state agency in the executive branch or a quasi-public agency or a holder, or principal of a holder of a valid prequalification certificate, shall make a contribution to, or *solicit* contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of Governor, Lieutenant Governor, Attorney General, State Comptroller, Secretary of the State or State Treasurer, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee;

In addition, no holder or principal of a holder of a valid prequalification certificate, shall make a contribution to, or solicit contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of State senator or State representative, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee.

**Duty to Inform**

State contractors and prospective state contractors are required to inform their principals of the above prohibitions, as applicable, and the possible penalties and other consequences of any violation thereof.

**Penalties for Violations**

Contributions or solicitations of contributions made in violation of the above prohibitions may result in the following civil and criminal penalties:

Civil penalties--\$2000 or twice the amount of the prohibited contribution, whichever is greater, against a principal or a contractor. Any state contractor or prospective state contractor which fails to make reasonable efforts to comply with the provisions requiring notice to its principals of these prohibitions and the possible consequences of their violations may also be subject to civil penalties of \$2000 or twice the amount of the prohibited contributions made by their principals.

Criminal penalties—Any knowing and willful violation of the prohibition is a Class D felony, which may subject the violator to imprisonment of not more than 5 years, or \$5000 in fines, or both.

**Contract Consequences**

Contributions made or solicited in violation of the above prohibitions may result, in the case of a state contractor, in the contract being voided.

Contributions made or solicited in violation of the above prohibitions, in the case of a prospective state contractor, shall result in the contract described in the state contract solicitation not being awarded to the prospective state contractor, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

The State will not award any other state contract to anyone found in violation of the above prohibitions for a period of one year after the election for which such contribution is made or solicited, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

Contractor shall maintain proper books and records containing complete and correct information on all Work performed by Contractor pursuant to this Agreement in accordance with generally accepted accounting principles and practices. CRRA has the right to inspect and review all such books and records during Contractor's business hours.

CRRA and Contractor acknowledge and agree that Contractor is acting as an independent contractor in performing any Work for CRRA hereunder and that Contractor shall perform such Work in its own manner and method subject to the terms of this Agreement. Nothing in this Agreement shall be construed or interpreted as creating a partnership, a joint venture, an agency, a master-servant relationship, an employer-employee relationship or any other relationship between CRRA and Contractor other than that of an owner and an independent contractor. Contractor is expressly forbidden from transacting any business in the name of or on account of CRRA, and Contractor has no power or authority to assume or create any obligation or responsibility for or on behalf of CRRA in any manner whatsoever.

## **2.12 Subcontractors**

Contractor shall consult with CRRA and obtain its approval before hiring any subcontractors to perform any Work hereunder. Contractor shall require all of its subcontractors to abide by the terms and conditions of this Agreement. Moreover, Contractor's subcontracts with such subcontractors shall specifically provide that, in the event of a default by Contractor thereunder or under this Agreement, CRRA may directly enforce such subcontracts and make payments thereunder. Contractor shall provide CRRA with all contracts, amendments, books, records, accounts, correspondence and other materials necessary to enforce such subcontracts. Also Contractor's subcontracts with its subcontractors shall specifically include CRRA as a third party beneficiary and shall provide that such subcontractors shall not be excused from any of their obligations under such subcontracts by reason of any claims, setoffs, or other rights whatsoever that they may have with or against Contractor other than through such subcontracts.

### **2.13 Contractor's Employees**

All persons employed by Contractor shall be subject and responsible solely to the direction of Contractor and shall not be deemed to be employees of CRRA.

### **2.14 Mechanic's Liens**

Contractor shall claim no interest in the Property or any equipment, fixtures or improvements located or to be located thereon, including but not limited to the Site or any part thereof. Contractor shall not file any mechanic's liens or other liens or security interests against CRRA or any of its properties, including but not limited to the Property. Contractor shall defend, indemnify and hold harmless CRRA against all costs associated with the filing of such liens or interests by Contractor or any of its subcontractors or materialmen. Before any subcontractor or materialman of Contractor commences any Work hereunder, Contractor shall deliver to CRRA an original waiver of mechanic's liens properly executed by such subcontractor or materialman. If any mechanic's lien is filed against CRRA or any of its properties in connection with the Work hereunder, Contractor shall cause the same to be canceled and discharged of record within fifteen (15) days after the filing of such lien and, if Contractor fails to do so, CRRA may, at its option but without any obligation to do so, make any payment necessary to obtain such cancellation or discharge and the cost thereof, at CRRA's election, shall be either deducted from any payment due to Contractor hereunder or reimbursed to CRRA promptly upon demand by CRRA to Contractor.

## **3. COMPENSATION AND PAYMENT**

### **3.1 Compensation**

The total amount of compensation to be paid to Contractor by CRRA for the Work hereunder shall not exceed the amount set forth in **Exhibit D** attached hereto and made a part hereof (the "Contract Price"), which Contract Price shall be payable as set forth in Section 3.2 below. Contractor acknowledges and agrees that the Contract Price constitutes the full compensation to Contractor for the Work to be performed by Contractor hereunder and includes all expenses and costs to be incurred by Contractor in performing such Work and Contractor shall receive no other compensation from CRRA for its performance under this Agreement.

### **3.2 Payment Procedure**

After Contractor completes the Work, except for the one (1) year warranty period, Contractor shall submit to CRRA a written request for payment for all the Work completed by Contractor. The written request for payment shall be submitted on AIA Forms G702 and G703 and shall include the name of the Project, the contract number, and all of the other information and documentation required.

If CRRA determines in its sole and absolute discretion that the Work for which Contractor is requesting payment has been properly performed and completed in conformance with the Standards, Contractor is not in default hereunder and CRRA does not dispute the amount of

the payment requested, then CRRA shall pay Contractor ninety-five (95%) percent of the amount requested (the "Authorized Percentage Sum") within thirty (30) days after CRRA's receipt of such written request, and CRRA shall withhold the remaining five (5%) percent of such amount as retainage ("Retainage"). If, however, CRRA determines that any of the Work for which Contractor has requested payment is not in conformance with the Standards, then CRRA may in its sole and absolute discretion also withhold all or a portion of the Authorized Percentage Sum, and Contractor shall, if requested by CRRA, immediately take, at Contractor's sole cost and expense, all action necessary to render such Work in conformance with the Standards. CRRA shall have no obligation under this Agreement to pay for any Work that CRRA determines has not been performed and/or completed in conformance with the Standards. Within ten (10) days after the Acceptance Date, Contractor shall submit to CRRA a written request for payment of all Retainage, and, provided Contractor is not in default hereunder and CRRA does not dispute the amount of such requested payment, CRRA shall pay Contractor such Retainage within thirty (30) days after CRRA's receipt of such written request. CRRA shall have no obligation to pay Contractor any amounts due Contractor under this Agreement if Contractor is in default hereunder.

### **3.3 Accounting Obligations**

Contractor shall maintain books and accounts of the costs incurred by Contractor in performing the Work pursuant to this Agreement by contract number and in accordance with generally accepted accounting principles and practices. CRRA, during normal business hours, for the duration of this Agreement, shall have access to such books and accounts to the extent required to verify such costs incurred.

### **3.4 Withholding Taxes And Other Payments**

No FICA (social security) payroll tax, state or federal income tax, federal unemployment tax or insurance payments, state disability tax or insurance payments or state unemployment tax or insurance payments shall be paid or deposited by CRRA with respect to Contractor, nor be withheld from payment to Contractor by CRRA. No workers' compensation insurance has been or will be obtained by CRRA on account of the Work to be performed hereunder by Contractor, or any of Contractor's employees or subcontractors. Contractor shall be responsible for paying or providing for all of the taxes, insurance and other payments described or similar to those described in this Section 3.4 and Contractor hereby agrees to indemnify CRRA and hold CRRA harmless against any and all such taxes, insurance or payments, or similar costs which CRRA may be required to pay in the event that Contractor's status hereunder is determined to be other than that of an independent contractor.

### **3.5 State of Connecticut Taxes**

Pursuant to Section 22a-270 of the *Connecticut General Statutes* (as the same may be amended or superceded from time to time), CRRA is exempt from all State of Connecticut taxes and assessments ("Connecticut Taxes"), and the payment thereof. Without limiting the generality of the preceding sentence, the sale of any services or tangible personal property to be incorporated into or otherwise consumed in the operation of a CRRA Project is exempt from Connecticut Taxes, including without limitation Connecticut sales and use taxes, wher-

ever purchased. Accordingly, Contractor shall not include in the fees, and Contractor shall not charge or pass through any Connecticut Taxes to CRRA, including that portion of any combined tax or assessment representing any Connecticut Taxes, regardless of whether Contractor has incurred any Connecticut State Taxes in its performance of the Agreement.

CRRA expresses no opinion as to the eligibility for any tax exemption, or refund or other reimbursement, including without limitation any Connecticut Taxes, with respect to tangible personal property purchased at any location for use in the performance of Work contemplated by this Agreement.

Contractor should consult with its tax advisor and/or its attorney, and the Connecticut Department of Revenue Services (“DRS”) and any other applicable tax authority, with regard to such tax authorities’ policies, procedures, recordkeeping and filing requirements for reimbursement of any taxes, including without limitation Connecticut Taxes, paid in the performance of Work contemplated by this Agreement, and whether or not there is a mechanism available to Contractor for the reimbursement of taxes, including without limitation Connecticut Taxes, paid on fuel purchased for use in the performance of the Work contemplated by this Agreement.

Contractor and CRRA agree that Contractor is and shall act as an independent contractor. Notwithstanding Contractor’s status as an independent contractor, but without limiting Contractor’s obligation hereunder to pay, and be solely responsible for, any Connecticut taxes levied, imposed or applicable to the Work, for the sole purpose of allowing CRRA to benefit from the aforesaid exemption, CRRA shall designate, and Contractor has agreed to act, as CRRA’s agent in purchasing services and equipment, machinery, parts, materials, supplies, inventories, fuel, and other items necessary to perform the Work hereunder for the account of CRRA, and with funds provided as reimbursement therefor by CRRA.

## **4. TERM OF AGREEMENT**

### **4.1 Term**

The term of this Agreement shall commence upon the Effective Date and shall terminate, unless otherwise terminated or extended in accordance with the terms and provisions hereof, on the first anniversary of the Acceptance Date.

### **4.2 Time is of the Essence**

CRRA and Contractor hereby acknowledge and agree that time is of the essence with respect to Contractor’s performance of the Work hereunder. Accordingly, upon CRRA’s issuance to Contractor of a notice to proceed with the Work (the “Notice To Proceed”), which Notice To Proceed shall be issued after the parties hereto receive all of the local, state and federal permits required for the Work hereunder, Contractor shall immediately commence performance of the Work and continue to perform the same during the term of this Agreement in accordance with the schedule set forth in attached **Exhibit C** in order to complete all of the Work

and have such Work ready for CRRA's acceptance at the end of the number of days specified in **Exhibit C** following the issuance of such Notice To Proceed (the "Completion Date").

CRRA and Contractor recognize the difficulties involved in proving actual damages and losses suffered by CRRA if the Work is not completed and ready for CRRA's acceptance by the Completion Date. Accordingly, instead of requiring any such proof, CRRA and Contractor agree that as liquidated damages for any such delay in completion or readiness for acceptance (but not as a penalty) Contractor shall pay CRRA five hundred dollars (\$500.00) for each calendar day beyond the Completion Date that Contractor fails to complete all of the Work or have the same ready for CRRA's acceptance until all such Work is completed by Contractor and readied by Contractor for acceptance by CRRA. The parties further agree that liquidated damages in this Section 4.2 are reasonable and have been agreed upon and intended by the parties because the damages expected under this Section are uncertain and difficult to prove.

### **4.3 Termination**

CRRA may terminate this Agreement at any time by providing Contractor with ten (10) days' prior written notice of such termination. Upon receipt of such written notice from CRRA, Contractor shall immediately cease performance of all Work, unless otherwise directed in writing by CRRA. Prior to any termination of this Agreement, Contractor shall remove all of its personnel and equipment associated with this Agreement from the Property, restore any part of the Property, any of the improvements located or to be located thereon, including but not limited to any access roads, or any of the Work that requires restoration pursuant to the terms and conditions of Section 4.4 hereof. Upon termination of this Agreement pursuant to this Section 4.3,

- (a) CRRA shall pay Contractor for all Work performed and completed by Contractor prior to the termination date, provided:
  - (1) Such Work has been performed and completed by Contractor in conformance with the Standards;
  - (2) Payment for such Work has not been previously made or is not disputed by CRRA;
  - (3) Contractor is not in default hereunder; and,
  - (4) Contractor has performed and completed all its obligations under this Section 4.3 and Section 4.4 hereof to CRRA's satisfaction, and
- (b) CRRA shall have no further liability hereunder.

Except for the payment that may be required pursuant to the preceding sentence, CRRA shall not be liable to Contractor in any other manner whatsoever in the event CRRA exercises its right to terminate this Agreement.

#### **4.4 Restoration**

Unless otherwise directed in writing by CRRA, Contractor shall:

- (a) Restore any part of the Property or any of the improvements located or to be located thereon, other than those areas of the Property or such improvements improved by Contractor pursuant to this Agreement, disturbed or damaged by Contractor or any of its directors, officers, employees, agents, subcontractors or materialmen to the same condition existing immediately prior to such disturbance or damage; and
- (b) Restore or repair any completed Work so disturbed or damaged to the condition required by the Contract Documents for acceptance of such Work by CRRA.

### **5. INDEMNIFICATION**

#### **5.1 Contractor's Indemnity**

Contractor further undertakes to reimburse CRRA for damage to property of CRRA caused by Contractor or any of its directors, officers, agents, employees, subcontractors or materialmen, or by faulty, defective or unsuitable material or equipment used by it or any of them. The existence of insurance shall in no way limit the scope of this indemnification. Contractor's obligations under this Section 5.1 shall survive the termination or expiration of this Agreement.

#### **5.2 Workmanship and Materials Warranty; Other Warranties and Guarantees**

For a period of one (1) year following the Acceptance Date (the "Warranty Period"), Contractor warrants the workmanship, equipment, and materials furnished under this Agreement for the Project against defects. If during or at the end of the Warranty Period, CRRA determines that any of such workmanship, equipment or materials is or has become defective, Contractor shall, at its own cost and expense, promptly repair or replace such defective workmanship, equipment or materials in order to render the same to the same condition as warranted above. Any repairs to or replacements of such workmanship, equipment or materials required under this Section 5.2 must be approved by CRRA before Contractor may commence performance of such repairs or replacements, and all such repairs or replacements shall be performed by Contractor in accordance with all applicable Standards. In connection

therewith Contractor shall obtain all warranties and guarantees for all material and equipment furnished hereunder by Contractor that are assignable to CRRA. Contractor shall assign such warranties and guarantees to CRRA upon the Acceptance Date. Contractor's obligations under this Section 5.2 shall survive the termination or expiration of this Agreement.

FABRICATION AND INSTALLATION OF  
SIX-INCH TROMMEL SCREENS  
FOR THE  
MID-CONNECTICUT WASTE PROCESSING FACILITY  
PARTS AND LABOR SPECIFICATIONS**

## EXHIBIT A

### **PARTS AND LABOR SPECIFICATIONS FOR THE FABRICATION AND INSTALLATION OF SIX-INCH TROMMEL SCREENS FOR THE MID-CONNECTICUT WASTE PROCESSING FACILITY**

#### **1. PLANT OPERATION**

The Connecticut Resources Recovery Authority (“CRRA”) owns the Mid-Connecticut Resource Recovery Facility (“RRF”), which is a waste-to-energy facility. The Mid-Connecticut RRF includes the Waste Processing Facility (“WPF”) located at 300 Maxim Road, Hartford Connecticut, which is the facility where Municipal Solid Waste (“MSW”) is converted into Refuse Derived Fuel (“RDF”). The WPF is operated by the Metropolitan District Commission (the “District”) under contract to CRRA.

At the WPF, MSW is fed onto a series of conveyors and from there the waste is processed by a series of process equipment that size the material into a burnable product, removing recyclables and other unwanted material from the waste stream. The WPF has two processing lines that are identical to each other and that are designated by CRRA as processing line 1 and processing line 2. Located in each processing line there are two primary trommels. Each primary trommel is designed with seven rows of five-inch hole screening. The purpose of this RFB is to increase the five-inch hole screening to six-inch hold screening that will increase process line throughput and reduce the load on the downstream secondary shredder.

#### **2. SCOPE OF WORK**

Contractor shall furnish all tools, materials, labor, equipment and incidentals thereto to fabricate seven rows of six-inch screening for each of the two primary trommels on each of the two processing lines, remove the existing five-inch screening and install the new six-inch screening (the “Work”) as follows:

- (a) Fabrication and installation of new six-inch screens for all four primary trommels (49 per trommel for each of four trommels for a combined total of 196 screens);
- (b) Verification of dimensions on the supplied drawings by field measurement prior to fabricating the new six-inch screens;
- (c) Removal of the old five-inch screens (CRRA will be responsible for disposal of the old five-inch screens); and

- (d) Installation of the new six-inch screens in the same locations from which the existing five-inch screens were removed. Each new six-inch screen will be bolted down with contractor supplied washers and hardware and then stitch welded. Installation on each of the four trommels will commence as soon as each complete set of trommel screens (total of 49) is on site.

## 2.1 Engineering

CRRA supplied drawings may be utilized as a reference. A field measurement by the Contractor is mandatory. The drawings supplied by the CRRA are for reference only; exact dimensions need to be verified by the Contractor.

The primary trommels shall be available after processing has been completed during maintenance time (2400 through 0700 Monday through Saturday and 0700-2400 on Sundays).

Contractor shall contact the WPF Planner to coordinate all site visits.

The CRRA reserves the right to change, modify or add to any supplied drawing as deemed necessary.

## 2.2 Fabrication

Contractor is responsible for constructing all materials for fabrication of the new primary trommel six-inch screens in accordance with all applicable codes, standards, regulations and applicable laws, including:

- American National Standards institute (ANSI)
- American Society of Mechanical Engineers (ASME)
- American Welding Society (AWS).
- American Society for Testing And Material (ASTM)
- (NFPA)
- (OSHA)
- City of Hartford Codes and regulations.
- All other applicable codes and regulations.

Contractor shall monitor the quality of incoming material, employee workmanship, and site conditions. Any workmanship or materials identified by CRRA or the District to be deficient shall be immediately removed and/or corrected.

Contractor shall fabricate the new primary trommel six-inch screens as per the drawings listed in **Exhibit B** and the materials listed in Table 1.

## 2.3 Installation

The Contractor shall decide on the method of removal and replacement of the new primary trommel six-inch screens. The Contractor's method of replacement will

need approval from the District prior to work being performed. The Contractor will replace all of the old primary trommel five-inch screens and their associated hold-down washers with new primary trommel six-inch screens and hold-down washers and hardware.

### **3. WORK TO BE PERFORMED**

- (a) Contractor shall install material and components for the new primary trommel six-inch screens as per the drawings listed in **Exhibit B** and the materials listed in **Table 1**.
- (b) Contractor shall agree that all areas around new primary trommel six-inch screens that are removed by Contractor shall be reinstalled upon completion of the project.
- (c) Contractor shall not proceed with the installation until materials are delivered to the site.

### **4. WORK BY OTHERS**

CRRA or the District will assist Contractor with the project to insure it is executed in accordance with the schedule agreed upon.

### **5. DRAWINGS**

Contractor will be supplied with drawings showing the general structure of new primary trommel six-inch screens. The drawings are listed in **Exhibit B** to the Agreement. The drawings may not have all dimensions that are required for fabrication. Therefore these drawing are for reference only; exact dimensions will be required to be field measured by the Contractor.

### **6. ENGINEERING REQUIREMENTS**

#### **6.1 General Performance Conditions**

Any equipment or materials supplied by Contractor shall be the product of a manufacturer experienced in the design, fabrication and installation of equipment for the purpose required.

#### **6.2 Installation**

##### **6.2.1 Method of Replacement**

Contractor shall propose a method of removal/replacement of the new primary trommel six-inch screens along with a schedule and review the proposals with the CRRA and District. Contractor shall supply all tools, welding supplies and rigging equipment as required to complete the work. Should Contractor require any conduits and/or sprinkler piping removed, a request must be submitted to CRRA or the District five (5) days prior to

commencement of the work. All process equipment, piping, building structure or conduit damaged during this work must be repaired to a pre-existing condition. Any bracing, pipe, guarding or other obstructions that the contractor may require removal in order to removed/installed the trommel six inch screens will be performed by the Contractor. During the removal/installation of the work, if an unforeseen problem occurs, or the project will not be completed within the allocated time, CRRA and the District shall be notified immediately by contractor. CRRA and the District must approve any downtime occurring due to overage on installation time.

## **7. CHECKOUT, STARTUP AND INITIAL OPERATIONS**

### **7.1 General**

Contractor shall render all services and perform all work required to replace the five-inch primary trommel screens with new six-inch primary trommel screens.

### **7.2 Operational Control and System Turnover**

## **8. COMPLETION SCHEDULE**

Contractor shall comply with the schedule in Exhibit C of the Agreement.

## **9. WARRANTY**

Contractor shall warranty the labor and material supplied for a period of **one year** after CRRA approves the project completion.

## **10. PRE-CONSTRUCTION CONFERENCE**

Prior to commencement of work, a pre-construction conference will be held with the representatives of Contractor, CRRA and the District. During this meeting, scheduling, method of replacement, on site storage areas, and safety procedures at the plant will be discussed. A date for the pre-construction conference will be decided after award of the work.

### ADDITIONS AND DELETIONS:

The author of this document has added information needed for its completion. The author may also have revised the text of the original AIA standard form. An *Additions and Deletions Report* that notes added information as well as revisions to the standard form text is available from the author and should be reviewed. A vertical line in the left margin of this document indicates where the author has added necessary information and where the author has added to or deleted from the original AIA text.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

Any singular reference to Contract, Surety, Owner or other party shall be considered plural where applicable.

§ 1 The Contractor and the Surety, jointly and severally bind themselves, their heirs, executors, administrators, successors and assigns to the Owner to pay for labor, materials and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference.

§ 2 With respect to the Owner, this obligation shall be null and void if the Contractor:

§ 2.1 Promptly makes payment, directly or indirectly, for all sums due Claimants, and

§ 2.2 Defends, indemnifies and holds harmless the Owner from claims, demands, liens or suits by any person or entity whose claim, demand, lien or suit is for the payment for labor, materials or equipment furnished for use in the performance of the Construction Contract, provided the Owner has promptly notified the Contractor and the Surety (at the address described in Section 12) of any claims, demands, liens or suits and tendered defense of such claims, demands, liens or suits to the Contractor and the Surety, and provided there is no Owner Default.

§ 3 With respect to Claimants, this obligation shall be null and void if the Contractor promptly makes payment, directly or indirectly, for all sums due.

§ 4 The Surety shall have no obligation to Claimants under this Bond until:

§ 4.1 Claimants who are employed by or have a direct contract with the Contractor have given notice to the Surety (at the address described in Section 12) and sent a copy, or notice thereof, to the Owner, stating that a claim is being made under this Bond and, with substantial accuracy, the amount of the claim.

§ 4.2 Claimants who do not have a direct contract with the Contractor:

- .1 Have furnished written notice to the Contractor and sent a copy, or notice thereof, to the Owner, within 90 days after having last performed labor or last furnished materials or equipment included in the claim stating, with substantial accuracy, the amount of the claim and the name of the party to whom the materials were furnished or supplied or for whom the labor was done or performed; and
- .2 Have either received a rejection in whole or in part from the Contractor, or not received within 30 days of furnishing the above notice any communication from the Contractor by which the Contractor has indicated the claim will be paid directly or indirectly; and
- .3 Not having been paid within the above 30 days, have sent a written notice to the Surety (at the address described in Section 12) and sent a copy, or notice thereof, to the Owner, stating that a claim is being made under this Bond and enclosing a copy of the previous written notice furnished to the Contractor.

§ 5 If a notice required by Section 4 is given by the Owner to the Contractor or to the Surety, that is sufficient compliance.

§ 6 When the Claimant has satisfied the conditions of Section 4, the Surety shall promptly and at the Surety's expense take the following actions:

§ 6.1 Send an answer to the Claimant, with a copy to the Owner, within 45 days after receipt of the claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed.

§ 6.2 Pay or arrange for payment of any undisputed amounts.

§ 7 The Surety's total obligation shall not exceed the amount of this Bond, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.

§ 8 Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any Construction Performance Bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and the Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.

§ 9 The Surety shall not be liable to the Owner, Claimants or others for obligations of the Contractor that are unrelated to the Construction Contract. The Owner shall not be liable for payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligations to make payments to, give notices on behalf of, or otherwise have obligations to Claimants under this Bond.

§ 10 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.

§ 11 No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the location in which the work or part of the work is located or after the expiration of one year from the date (1) on which the Claimant gave the notice required by Section 4.1 or Section 4.2.3, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

§ 12 Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the signature page. Actual receipt of notice by Surety, the Owner or the Contractor, however accomplished, shall be sufficient compliance as of the date received at the address shown on the signature page.

§ 13 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. The intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

§ 14 Upon request by any person or entity appearing to be a potential beneficiary of this Bond, the Contractor shall promptly furnish a copy of this Bond or shall permit a copy to be made.

**§ 15 DEFINITIONS**

§ 15.1 Claimant: An individual or entity having a direct contract with the Contractor or with a subcontractor of the Contractor to furnish labor, materials or equipment for use in the performance of the Contract. The intent of this Bond shall be to include without limitation in the terms "labor, materials or equipment" that part of water, gas, power, light, heat, oil, gasoline, telephone service or rental equipment used in the Construction Contract, architectural and engineering services required for performance of the work of the Contractor and the Contractor's subcontractors, and all other items for which a mechanic's lien may be asserted in the jurisdiction where the labor, materials or equipment were furnished.

The author of this document has added information needed for its completion. The author may also have revised the text of the original AIA standard form. An *Additions and Deletions Report* that notes added information as well as revisions to the standard form text is available from the author and should be reviewed. A vertical line in the left margin of this document indicates where the author has added necessary information and where the author has added to or deleted from the original AIA text.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

Any singular reference to Contract, Surety, Owner or other party shall be considered plural where applicable.

§ 1 The Contractor and the Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner for the performance of the Construction Contract, which is incorporated herein by reference.

§ 2 If the Contractor performs the Construction Contract, the Surety and the Contractor shall have no obligation under this Bond, except to participate in conferences as provided in Section 3.1.

§ 3 If there is no Owner Default, the Surety's obligation under this Bond shall arise after:

§ 3.1 The Owner has notified the Contractor and the Surety at its address described in Section 10 below that the Owner is considering declaring a Contractor Default and has requested and attempted to arrange a conference with the Contractor and the Surety to be held not later than fifteen days after receipt of such notice to discuss methods of performing the Construction Contract. If the Owner, the Contractor and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive the Owner's right, if any, subsequently to declare a Contractor Default; and

§ 3.2 The Owner has declared a Contractor Default and formally terminated the Contractor's right to complete the contract. Such Contractor Default shall not be declared earlier than twenty days after the Contractor and the Surety have received notice as provided in Section 3.1; and

§ 3.3 The Owner has agreed to pay the Balance of the Contract Price to the Surety in accordance with the terms of the Construction Contract or to a contractor selected to perform the Construction Contract in accordance with the terms of the contract with the Owner.

§ 4 When the Owner has satisfied the conditions of Section 3, the Surety shall promptly and at the Surety's expense take one of the following actions:

§ 4.1 Arrange for the Contractor, with consent of the Owner, to perform and complete the Construction Contract; or

§ 4.2 Undertake to perform and complete the Construction Contract itself, through its agents or through independent contractors; or

§ 4.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by the Owner and the contractor selected with the Owner's concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to the Owner the amount of damages as described in Section 6 in excess of the Balance of the Contract Price incurred by the Owner resulting from the Contractor's default; or

§ 4.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances:

- .1 After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, tender payment therefor to the Owner; or
- .2 Deny liability in whole or in part and notify the Owner citing reasons therefor.

§ 5 If the Surety does not proceed as provided in Section 4 with reasonable promptness, the Surety shall be deemed to be in default on this Bond fifteen days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Section 4.4, and the Owner refuses the payment tendered or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.

§ 6 After the Owner has terminated the Contractor's right to complete the Construction Contract, and if the Surety elects to act under Section 4.1, 4.2, or 4.3 above, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Construction Contract, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Construction Contract. To the limit of the amount of this Bond, but subject to commitment by the Owner of the Balance of the Contract Price to mitigation of costs and damages on the Construction Contract, the Surety is obligated without duplication for:

**§ 6.1** The responsibilities of the Contractor for correction of defective work and completion of the Construction Contract;

**§ 6.2** Additional legal, design professional and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under Section 4; and

**§ 6.3** Liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Contractor.

**§ 7** The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Construction Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the Owner or its heirs, executors, administrators or successors.

**§ 8** The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.

**§ 9** Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two years after Contractor Default or within two years after the Contractor ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

**§ 10** Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the signature page.

**§ 11** When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted here from and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. The intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

## **§ 12 DEFINITIONS**

**§ 12.1** Balance of the Contract Price: The total amount payable by the Owner to the Contractor under the Construction Contract after all proper adjustments have been made, including allowance to the Contractor of any amounts received or to be received by the Owner in settlement of insurance or other claims for damages to which the Contractor is entitled, reduced by all valid and proper payments made to or on behalf of the Contractor under the Construction Contract.

**§ 12.2** Construction Contract: The agreement between the Owner and the Contractor identified on the signature page, including all Contract Documents and changes thereto.

**§ 12.3** Contractor Default: Failure of the Contractor, which has neither been remedied nor waived, to perform or otherwise to comply with the terms of the Construction Contract.

**§ 12.4** Owner Default: Failure of the Owner, which has neither been remedied nor waived, to pay the Contractor as required by the Construction Contract or to perform and complete or comply with the other terms thereof.

**Notice**  
**To All Mason Contractors and Interested Parties**  
**Regarding Construction Pursuant to Section 31-53 of the**  
**Connecticut General Statutes (Prevailing Wage)**

The Connecticut Labor Department Wage and Workplace Standards Division is empowered to enforce the prevailing wage rates on projects covered by the above referenced statute.

Over the past few years the Division has withheld enforcement of the rate in effect for workers who operate a forklift on a prevailing wage rate project due to a potential jurisdictional dispute.

The rate listed in the schedules and in our Occupational Bulletin (see enclosed) has been as follows:

**Forklift Operator:**

- **Laborers (Group 4) Mason Tenders** - operates forklift solely to assist a mason to a maximum height of nine feet only.
- **Power Equipment Operator (Group 9)** - operates forklift to assist any trade and to assist a mason to a height over nine feet.

The U.S. Labor Department conducted a survey of rates in Connecticut but it has not been published and the rate in effect remains as outlined in the above Occupational Bulletin.

*Since this is a classification matter and not one of jurisdiction, effective January 1, 2007 the Connecticut Labor Department will enforce the rate on each schedule in accordance with our statutory authority.*

Your cooperation in filing appropriate and accurate certified payrolls is appreciated.

# Occupational Classification Bulletin

Last Updated: July 14, 2009

You are here: [DOL Web Site](#) > [Wage and Workplace Standards](#) > Occupational Classification Bulletin

- [Informational Bulletin](#) (PDF, 339KB)

Published by the Connecticut Department of Labor, Project Management Office

## **Information Bulletin** ***Occupational Classifications***

The Connecticut Department of Labor has the responsibility to properly determine "job classification" on prevailing wage projects covered under C.G.S. Section 31-53.

*Note: This information is intended to provide a sample of some occupational classifications for guidance purposes only. It is not an all-inclusive list of each occupation's duties. This list is being provided only to highlight some areas where a contractor may be unclear regarding the proper classification.*

**Below are additional clarifications of specific job duties performed for certain classifications:**

### **Asbestos Insulator**

- Handle, install, apply, fabricate, distribute, prepare, alter, repair, or dismantle heat and frost insulation, including penetration and fire stopping work on all penetration fire stop systems.

### **Carpenter**

- Assembly and installation of modular furniture/furniture systems.  
[New] a. Free-standing furniture is not covered. This includes: student chairs, study top desks, book box desks, computer furniture, dictionary stand, atlas stand, wood shelving, two- position information access station, file cabinets, storage cabinets, tables, etc.
- Applies fire stopping materials on fire resistive joint systems only.
- Installation of insulated material of all types whether blown, nailed or attached in other ways to walls, ceilings and floors of buildings.
- Installation of curtain/window walls only where attached to wood or metal studs.

### **Cleaning Laborer**

- The clean up of any construction debris and the general cleaning, including sweeping, wash down, mopping, wiping of the construction facility, washing, polishing, dusting, etc., prior to the issuance of a certificate of occupancy falls under the *Labor classification*.

### **Delivery Personnel (Revised)**

- If delivery of supplies/building materials is to one common point and stockpiled there, prevailing wages are not required. If the delivery personnel are involved in the distribution of the material to multiple locations within the construction site then they would have to be paid prevailing wages for the type of work performed: laborer, equipment operator, electrician, ironworker, plumber, etc.
- An example of this would be where delivery of drywall is made to a building and the delivery personnel distribute the drywall from one "stockpile" location to further sub-locations on each floor. Distribution of material around a construction site is the job of a laborer/tradesman and not a delivery personnel.

### **Electrician**

- Installation or maintenance of telecommunication, LAN wiring or computer equipment.
- Low voltage wiring.

### **Fork Lift Operator**

- Laborers Group 4) Mason Tenders - operates forklift solely to assist a mason to a maximum height of nine (9) feet only.
- Power Equipment Operator Group 9 - operates forklift to assist any trade, and to assist a mason to a height over nine (9) feet.

### **Glaziers**

- Installs light metal sash, head sills, and 2-story aluminum storefronts.
- Installation of aluminum window walls and curtain walls is the 'joint work' of the Glaziers and Ironworkers classification which requires either a blended rate or equal composite workforce.

### **Ironworkers**

- Handling, sorting, and installation of reinforcing steel (rebar).
- Installation of aluminum window walls and curtain walls is the "joint work" of the Glaziers and Ironworkers classification which requires either a blended rate or equal composite workforce. Insulated metal and insulated composite panels are still installed by the Ironworker.
- Metal bridge rail (traffic), metal bridge handrail, and decorative security fence installation.

## **Insulator**

- Installing fire stopping systems/materials for "Penetration Firestop Systems": transit to cables, electrical conduits, insulated pipes, sprinkler pipe penetrations, ductwork behind radiation, electrical cable trays, fire rated pipe penetrations, natural polypropylene, HVAC ducts, plumbing bare metal, telephone and communication wires, and boiler room ceilings. Past practice using the applicable licensed trades, Plumber, Sheet Metal, Sprinkler Fitter, and Electrician, is not inconsistent with the Insulator classification and would be permitted.

## **Lead Paint Removal**

- Painter Rate
  1. Removal of lead paint from bridges.
  2. Removal of lead paint as preparation of any surface to be repainted.
  3. Where removal is on a Demolition project prior to reconstruction.
- Laborer Rate
  1. Removal of lead paint from any surface NOT to be repainted.
  2. Where removal is on a *TOTAL* Demolition project only.

## **Roofers**

- Preparation of surface, tear-off and/or removal of any type of roofing, and/or clean-up of any areas where a roof is to be relaid.

## **Sheet Metal Worker**

- Fabrication, handling, assembling, erecting, altering, repairing, etc. of coated metal material panels and composite metal material panels when used on building exteriors and interiors as soffits, fascia, louvers, partitions, wall panel siding, canopies, cornice, column covers, awnings, beam covers, cladding, sun shades, lighting troughs, spires, ornamental roofing, metal ceilings, mansards, copings, ornamental and ventilation hoods, vertical and horizontal siding panels, trim, etc. The sheet metal classification also applies to the vast variety of coated metal material panels and composite metal material panels that have evolved over the years as an alternative to conventional ferrous and non-ferrous metals like steel, iron, tin, copper, brass, bronze, aluminum, etc. Insulated metal and insulated composite panels are still installed by the Iron Worker. Fabrication, handling, assembling, erecting, altering, repairing, etc. of architectural metal roof, standing seam roof, composite metal roof, metal and composite bathroom/toilet partitions, aluminum gutters, metal and composite lockers and shelving, kitchen equipment, and walk-in coolers.

## Truck Drivers

- Truck Drivers delivering asphalt are covered under prevailing wage while on the site and directly involved in the paving operation.
- Material men and deliverymen are not covered under prevailing wage as long as they are not directly involved in the construction process. If, they unload the material, they would then be covered by prevailing wage for the classification they are performing work in: laborer, equipment operator, etc.
- Hauling material off site is not covered provided they are not dumping it at a location outlined above.
- Driving a truck on site and moving equipment or materials on site would be considered covered work, as is part of the construction process.

 Any questions regarding the proper classification should be directed to the Contract Compliance Unit, Wage and Workplace Standards Division, Connecticut Department of Labor, 200 Folly Brook Blvd, Wethersfield, CT 06 109 at (860) 263-6543.

**NOTICE TO EXECUTIVE BRANCH STATE CONTRACTORS AND PROSPECTIVE STATE CONTRACTORS OF CAMPAIGN CONTRIBUTION AND SOLICITATION BAN**

This notice is provided under the authority of Connecticut General Statutes 9-612(g)(2), as amended by P.A. 07-1, and is for the purpose of informing state contractors and prospective state contractors of the following law (italicized words are defined on the following page):

**Campaign Contribution and Solicitation Ban**

No *state contractor, prospective state contractor, principal of a state contractor or principal of a prospective state contractor*, with regard to a *state contract or state contract solicitation* with or from a state agency in the executive branch or a quasi-public agency or a holder, or principal of a holder of a valid prequalification certificate, shall make a contribution to, or *solicit* contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of Governor, Lieutenant Governor, Attorney General, State Comptroller, Secretary of the State or State Treasurer, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee;

In addition, no holder or principal of a holder of a valid prequalification certificate, shall make a contribution to, or solicit contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of State senator or State representative, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee.

**Duty to Inform**

State contractors and prospective state contractors are required to inform their principals of the above prohibitions, as applicable, and the possible penalties and other consequences of any violation thereof.

**Penalties for Violations**

Contributions or solicitations of contributions made in violation of the above prohibitions may result in the following civil and criminal penalties:

Civil penalties--\$2000 or twice the amount of the prohibited contribution, whichever is greater, against a principal or a contractor. Any state contractor or prospective state contractor which fails to make reasonable efforts to comply with the provisions requiring notice to its principals of these prohibitions and the possible consequences of their violations may also be subject to civil penalties of \$2000 or twice the amount of the prohibited contributions made by their principals.

Criminal penalties—Any knowing and willful violation of the prohibition is a Class D felony, which may subject the violator to imprisonment of not more than 5 years, or \$5000 in fines, or both.

**Contract Consequences**

Contributions made or solicited in violation of the above prohibitions may result, in the case of a state contractor, in the contract being voided.

Contributions made or solicited in violation of the above prohibitions, in the case of a prospective state contractor, shall result in the contract described in the state contract solicitation not being awarded to the prospective state contractor, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

The State will not award any other state contract to anyone found in violation of the above prohibitions for a period of one year after the election for which such contribution is made or solicited, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.
