

**ADDENDUM NO. 2  
Issued September 24, 2008**

**TO**

**“REQUEST FOR BIDS  
FOR  
MID-CONNECTICUT WASTE PROCESSING FACILITY  
SECONDARY SHREDDER MOTOR CONVERSION”  
(RFB Number FY09-OP-002)  
(RFB Issued August 29, 2008)**

**Note: Bidders are required to acknowledge this and all Addenda in Section 5(a) of the Bid Form.**

This Addendum No. 2 consists of two (2) changes to the original requirements of the original RFB Package Documents issued by CRRA and the changes are as follows:

**1. Performance Bond and Payment Bond Requirements**

CRRA has decided that a Performance Bond and a Payment Bond will NOT be required to be submitted as a condition of this Project. CRRA is hereby deleting all references in the RFB Package Documents, including the Agreement, to the requirements for a Performance Bond and a Payment Bond. Therefore, bidders do NOT have to submit a Performance Bond and a Payment Bond with their bid submission packages and the cost of said bonds should be removed from the bidder's Bid Pricing for this Project.

**2. Connecticut Prevailing Wage Requirements for the Project**

After further research, CRRA has determined that this Project will NOT need to be subject to the Connecticut Prevailing Wage laws. CRRA is hereby deleting all references in the RFB Package Documents, including the Agreement, to the requirements for Connecticut Prevailing Wage law. Therefore, bidders must NOT incorporate Prevailing Wage Rates into their Bid Pricing for this Project.
