2. Response to a Question Received

CRRA has been asked to make available the contractual amounts for various parts of the work that resulted from the previous solicitation process for landfill landscape and mowing services.

CRRA previously solicited for landfill landscape and mowing services in 2003. Snow-plowing services were not included in the 2003 solicitation. The following table provides the prices of the winning bidder for each landfill from the 2003 solicitation for work performed in FY 2006. The table indicates for each Landfill and for each type of work, the number of times the type of work is to be performed per year, the price for each time a type of work is performed and the total amount. **Note that the prices listed in the following table are based on the Scopes of Work in the 2003 solicitation. The Scopes of Work for the current solicitation are different than for the 2003 solicitation.**
