Recycle Old or Obsolete Electronic Devices with CRRA State's Recycling Leader to Hold Collection June 29 at Litchfield High School

The [Connecticut Resources Recovery Authority](#), [Connecticut's recycling leader](#), will offer another electronics recycling collection at [Litchfield High School, 14 Plumb Hill Road, Litchfield](#), on Saturday, June 29, from 9 a.m. to 1 p.m.

**Editors and news
directors: a list of
participating cities
and towns follows.**

Since CRRA began its electronics recycling program in 1999, more than 53,000 families have recycled more than 6.4 million pounds of electronics. CRRA contracts with [RMG Enterprise](#), a Connecticut [Department of Energy & Environmental Protection](#)-approved electronics recycler. RMG ensures that sensitive data is removed from devices before they are recycled, then dismantles items into raw materials, such as copper, steel, aluminum, glass and plastic, and sells these materials to firms who turn them into new products.

These collections are open only to residents of towns that participate in [CRRA's Connecticut Solid Waste System](#). Residents of other communities who want to recycle their electronics should call their local public works departments or electronics retailers or check with [the Connecticut Department of Energy & Environmental Protection for other recycling opportunities](#).

Electronics from businesses will be turned away.

Additional collections may be scheduled. The complete schedule is always available at http://www.crra.org/pages/schedule_electronics.htm.

The [Connecticut Resources Recovery Authority](#) is a quasi-public agency whose mission is to work for – and in – the best interests of the municipalities of the state of Connecticut. CRRA's [board of directors](#) and [management team](#) develop and implement environmentally sound solutions and best practices for solid waste disposal and recycling management on behalf of municipalities. CRRA serves 75 Connecticut cities and towns. CRRA also runs [award-winning sustainability education](#) programs through the [CRRA Trash Museum](#) in Hartford. For more information about CRRA and its activities, visit <http://www.crra.org>. Computer users can also discuss CRRA on its blog, <http://crra-blog.blogspot.com>, and follow CRRA on [Twitter @CRRA](#).

CRRA serves these cities and towns through its Connecticut Solid Waste System:

Avon	East Granby	Lyme	Rocky Hill
Barkhamsted	East Hampton	Manchester*	Roxbury
Beacon Falls	Ellington	Marlborough	Salisbury*
Bethlehem	Essex	Middlebury	Sharon*
Bloomfield	Farmington	Middlefield*	Simsbury*
Canaan	Glastonbury	Naugatuck	South Windsor*
Canton	Goshen	New Hartford	Thomaston
Chester	Granby	Norfolk	Torrington
Clinton	Haddam	North Canaan	Waterbury**
Colebrook	Hartford	Old Lyme	Watertown
Cornwall	Harwinton	Old Saybrook	Wethersfield
Deep River	Killingworth	Oxford	Winchester
Durham*	Litchfield*	Portland	Woodbury

* -- Durham, Litchfield, Manchester, Middlefield, Salisbury, Sharon, Simsbury and South Windsor have contracts to deliver trash but not recyclables to CRRA. Residents of these communities may still participate in CRRA's electronics recycling collections.

** -- Waterbury's contract with CRRA expires June 30, 2013.
